Check If Applicable:  Rx Procedure  None  
 Cleancheck Procedure

**Tools & Materials Needed:**

- A. Trigger sprayer
- B. Clean cloth
- C. Gloves and goggles

**Products:**

- 1. Cleaner disinfectant

**Procedures:**

I. Purpose of Cleaning a Television

- A. Reduce the spread of nosocomial infections by disinfecting this patient/resident contact equipment.
- B. Increase the life of the television by keeping it clean and dust free.

II. Procedure for Cleaning a Television

- A. Put on your gloves and goggles.
- B. Fill trigger sprayer with diluted cleaner disinfectant solution following manufacturer's directions.
- C. Turn off the television. **Never clean the television while it is turned on.** If the patient/resident is watching it at the time, ask if you may turn it off for cleaning.
- D. Spray disinfectant solution onto clean cloth. **Never spray the disinfectant solution directly on the television!**
- E. Wipe the front and side vertical surfaces and the top and bottom of the television. **Never wipe the back of the unit with a wet cloth!**
